AI Readiness Assessment Results
Based on: AAA

Score: 4.9 / 10

Report generated on: October 30th, 2025

AI Readiness Score

Based on your responses, your organization is at the developing stage of AI readiness.

This radar chart shows your organization's score across different dimensions of AI readiness. Higher scores (closer to the edges) indicate greater maturity in that category.

Personalized AI Recommendations

Based on your assessment score of 4.9/10 and insights from "MyZone AI Blueprint"

Strategy & Vision

MyZone AI Ltd demonstrates a solid foundation in strategic clarity and vision, with a score of 7.1/10. Leadership appears aligned on AIs importance, though this is a first-time assessment and continuous review is recommended. The main opportunity is to further cascade the AI vision across all levels and align tactical initiatives with your long-term goals. While the current approach is above average, regular recalibration as AI capabilities evolve will ensure lasting relevance and competitive advantage.

How You Performed

• Current Score: 7.1 / 10 (71%)

• Trend vs. Previous: First-time assessment

Key Best Practices

• Cascade the AI vision clearly to all teams.

• Set measurable AI-driven objectives at every level.

• Review and update your AI strategy quarterly.

Culture & Change-Readiness

With a score of 6/10, your culture shows openness to change, but there are pockets of resistance or uncertainty. Change-readiness is a critical success factor for digital transformation, especially in a 541511 industry context. Addressing skepticism and building psychological safety for experimentation can speed adoption. Consider more frequent communication and celebrating small AI wins to foster buy-in.

How You Performed

• Current Score: 6 / 10 (60%)

• Trend vs. Previous: First-time assessment

Key Best Practices

• Promote open dialogue about AI fears and opportunities.

• Recognize and reward early adopters.

• Provide a safe environment for AI experimentation.

Personalized AI Recommendations

Based on your assessment score of 4.9/10 and insights from "MyZone AI Blueprint"

Skills & Literacy

The current score of 4/10 highlights a significant skills gap in AI literacy across the organization. This is a critical area and requires immediate attention: lack of foundational AI skills can stall all other transformation efforts. Prioritize targeted training and hands-on workshops tailored to different roles. Leverage free/low-cost resources and encourage internal knowledge sharing to accelerate learning.

How You Performed

• Current Score: 4 / 10 (40%)

• Trend vs. Previous: First-time assessment

Key Best Practices

• Launch role-specific AI upskilling programs.

• Encourage peer sharing of AI use cases.

• Track and publish skill development progress.

Data & Information

At 3.8/10, data and information management is a critical weakness needing urgent action. Data silos, inconsistent quality, or lack of accessibility may be undermining AI success. Immediate steps should include mapping key data sources, assessing data quality, and establishing clear data ownership. Consider investing in basic data governance tools or processes to unlock the value of your information assets.

How You Performed

• Current Score: 3.8 / 10 (38%)

• Trend vs. Previous: First-time assessment

Key Best Practices

• Centralize and clean core data assets.

• Assign clear data ownership and stewardship.

• Standardize data quality checks and documentation.

Personalized AI Recommendations

Based on your assessment score of 4.9/10 and insights from "MyZone AI Blueprint"

Technology & Integration

A score of 4.6/10 suggests underutilized or poorly integrated technology platforms. Fragmented tools or manual processes may be limiting scalability and automation. Conduct a rapid audit of current tech stack and prioritize integration of key systems for seamless AI workflows. Quick wins could include workflow automation or adopting no-code AI tools suited for your company size.

How You Performed

• Current Score: 4.6 / 10 (46%)

• Trend vs. Previous: First-time assessment

Key Best Practices

• Audit and streamline your tech stack.

• Integrate core systems for data flow.

• Pilot no-code AI tools for rapid value.

Process & Operations

With a 4.6/10, operational processes are not yet optimized for AI enablement. There may be unclear process ownership or lack of documentation, slowing down automation efforts. Immediate focus should be on mapping high-impact processes and identifying automation candidates. Start with low-complexity, repetitive tasks to demonstrate early efficiency gains.

How You Performed

• Current Score: 4.6 / 10 (46%)

• Trend vs. Previous: First-time assessment

Key Best Practices

• Map key business processes for automation.

• Document current workflows clearly.

• Identify quick win automation projects.

Personalized AI Recommendations

Based on your assessment score of 4.9/10 and insights from "MyZone AI Blueprint"

Governance, Ethics & Risk

At 3.9/10, governance and risk management represent a major vulnerability. Absence of clear AI governance policies, ethical guidelines, or risk controls exposes the company to compliance and reputational risks. Immediate action is required: appoint a responsible owner, draft basic AI use policies, and conduct a rapid risk assessment.

How You Performed

• Current Score: 3.9 / 10 (39%)

• Trend vs. Previous: First-time assessment

Key Best Practices

• Assign an AI governance and ethics lead.

• Establish baseline AI use and risk policies.

• Conduct periodic AI risk assessments.

Financial & Resources

A 6.7/10 score indicates generally sound financial planning for AI initiatives, but there is room to optimize resource allocation. Ensure that investment aligns with prioritized AI projects and supports upskilling and integration needs. Monitor ROI closely and be agile in reallocating funds as priorities shift.

How You Performed

• Current Score: 6.7 / 10 (67%)

• Trend vs. Previous: First-time assessment

Key Best Practices

• Align funding with top-priority AI projects.

• Track ROI on AI investments quarterly.

• Reserve budget for rapid upskilling and tech pilots.

Top 5 AI Rocks for Next Quarter

Here are your highest-impact, easiest-to-implement AI rocks for the next 90 days:

• **Launch targeted AI literacy and upskilling programs**

Rationale: Closing the skills gap will accelerate adoption and empower every team member to contribute to AI initiatives.

• **Centralize and clean core business data assets**

Rationale: High-quality, accessible data is the foundation for all successful AI projects and future automation.

• **Assign an AI governance and ethics lead**

Rationale: Clear responsibility and basic policies immediately reduce compliance and reputational risk.

• **Map and document high-impact business processes**

Rationale: Process clarity enables quick identification of automation and AI integration opportunities.

• **Audit and streamline your technology stack**

Rationale: Simplifying and integrating tools boosts operational efficiency and supports scalable AI deployment.

Assessment Answers

Question 1
Our Vision / 3-year picture / 1-year plan explicitly considers an AGI future.
Your answer: **Disagree**

Question 2
The company sets at least one corporate AI Rock each quarter, with a measurable outcome.
Your answer: **Strongly Agree**

Question 3
Every team member sets one personal AI Rock each quarter, tailored to role and proficiency.
Your answer: **Agree**

Question 4
Our Ideal Customer Profile (ICP) is reviewed annually for AI alignment.
Your answer: **Agree**

Question 5
We benchmark our AI ambitions against competitors at least once a year and are progressing toward real-time insights.
Your answer: **Agree**

Question 6
Specific AI Key Performance Indicators (KPIs) appear on the company Scorecard.
Your answer: **Agree**

Question 7
Staff feel safe proposing automation ideas.
Your answer: **Neutral**

Question 8
AI-related wins are celebrated publicly (Slack, all-hands, etc.).
Your answer: **Strongly Disagree**

Question 9
We follow a simple communication plan for any tech change.
Your answer: **Agree**

Question 10
Automated feedback loops collect team & customer input.
Your answer: **Agree**

Assessment Answers (continued)

Question 11
Core values and the People-Tracker include at least one AI-aligned metric.
Your answer: **Strongly Agree**

Question 12
Every team member sets an AI-Educational Rock each quarter, tailored to role and proficiency.
Your answer: **Disagree**

Question 13
We assess digital/AI literacy for every team member twice a year and tailor follow-up training plans.
Your answer: **Disagree**

Question 14
AI literacy is built into new-hire onboarding.
Your answer: **Disagree**

Question 15
Each department names an AI Champion.
Your answer: **Neutral**

Question 16
A senior AI advisor (in-house or fractional) is available for guidance.
Your answer: **Agree**

Question 17
A single Data Champion owns company-wide data practices.
Your answer: **Strongly Agree**

Question 18
Our business has reliable, automated data backups that are tested regularly.
Your answer: **Strongly Disagree**

Question 19
A one-page data strategy is reviewed each quarter.
Your answer: **Disagree**

Question 20
Key customer and operations data live in one CRM/ERP or shared platform.
Your answer: **Agree**

Assessment Answers (continued)

Question 21
A simple data-flow diagram shows how data moves between systems.
Your answer: **Disagree**

Question 22
We enrich first-party data whenever possible.
Your answer: **Disagree**

Question 23
Files and records carry consistent metadata/tags for easy search.
Your answer: **Strongly Disagree**

Question 24
Our main systems expose APIs or connect via Make / n8n web-hooks.
Your answer: **Neutral**

Question 25
Core tools are cloud-based and "AI-ready" (modern, open APIs).
Your answer: **Neutral**

Question 26
We have real-time visibility into our network and system health (uptime, performance, and security).
Your answer: **Agree**

Question 27
An integration platform (Make or n8n) already handles simple hand-offs.
Your answer: **Agree**

Question 28
Our cloud systems are integrated, secure, and optimized for collaboration (e.g., Microsoft 365, Teams, or SharePoint).
Your answer: **Strongly Disagree**

Question 29
Company communications are stored in Slack/Teams channels that mirror projects or clients for future AI search.
Your answer: **Agree**

Question 30
We proactively monitor our company hardware to ensure it can support modern AI tools and resource-intensive applications.
Your answer: **Strongly Disagree**

Assessment Answers (continued)

Question 31
Preferred vendors and partners for AI integrations are identified and vetted.
Your answer: **Neutral**

Question 32
Top revenue- or time-heavy processes are mapped in living SOPs.
Your answer: **Neutral**

Question 33
Each SOP flags pain-points or bottlenecks for potential automation.
Your answer: **Strongly Disagree**

Question 34
We have a trusted IT partner who proactively aligns technology decisions with our business goals.
Your answer: **Neutral**

Question 35
A Prioritisation Matrix (ROI, time-to-impact, resource alignment) ranks which processes to tackle first.
Your answer: **Strongly Agree**

Question 36
Baseline metrics (time, cost, errors) are captured before any change.
Your answer: **Strongly Disagree**

Question 37
Weekly Level-10 / strategy meetings follow a consistent agenda that includes an AI discussion segment.
Your answer: **Agree**

Question 38
A plain-English Data & AI Policy covers privacy, bias, and acceptable use.
Your answer: **Neutral**

Question 39
We maintain up-to-date cybersecurity measures including endpoint protection, multi-factor authentication (MFA), and an incident-response procedure.
Your answer: **Agree**

Question 40
A cross-functional AI Governance Team meets at least twice a year.
Your answer: **Strongly Disagree**

Assessment Answers (continued)

Question 41
Data collection complies with GDPR / CCPA / PIPEDA (as applicable).
Your answer: **Strongly Disagree**

Question 42
We have a clearly documented business continuity and disaster-recovery plan.
Your answer: **Agree**

Question 43
A lightweight incident-response plan exists for digital tools and data issues.
Your answer: **Strongly Disagree**

Question 44
We keep an audit trail of key-system changes for e 90 days.
Your answer: **Agree**

Question 45
A dedicated AI budget line covers tools, training, and advisory help.
Your answer: **Strongly Agree**

Question 46
Government grants or tax credits (e.g., SR&ED, IRAP, CDAP) are tracked and applied for when eligible.
Your answer: **Neutral**

Question 47
We run a total-cost-of-ownership (TCO) check—licences, staff time, support—before green-lighting any AI initiative.
Your answer: **Neutral**
